(Features can vary by country and can change. Always check Google's site for the latest details.)

# How to Get ?

This describes a process to obtain a Google One Student Plan using a fake student ID and college email address.

## Process for Student Plan Verification

### 1. Generate a Falsified Student ID:

- Find a website that can generate a custom, example student ID card.
- <https://gamitisa.com/tools/student-idcard>
- Open the Above link and fill in the details.

The screenshot shows a web application titled "Student ID Card Maker" under the "Tools" section. It features two examples of student ID cards. The left card has a blue background with a circular logo at the top and a signature at the bottom. The right card has a purple header and a red footer. Below the cards, there are input fields: "Your Name (in English)" with a placeholder box, "Your Photo: (Choose a Formal Pic, Max. 800 KB)" with a "Choose File" button and a "no file selected" message, "School/College Name (in English)" with a placeholder box, and "School/College Logo" with a dropdown menu containing six icons representing different educational institutions.
